HOUSE INDICATES IT WILL VOTE THREE BILLION LOAN TO ALLIES

All Amendments Offered to Administration Bill Today are Promptly Voted Down

FINAL VOTE DELAYED 2 HOURS

Intimated War Department May Authorize Additional Recruits For National Guard

TO PUT RUSSIA ON HER FEET

This Will be Task of America and Allies—Series of War Councils Are Planned

(By United Press.)

Washington, April 14.—The house will vote to loan three billion dollars to the allies at once and without important reservation.

It showed this clearly today when amendments to restrict the loaning and the time for repayment in the administration seven-billion bond bill were attacked viciously.

Representative Toner of Iowa, republican, offered an amendment to strike three billion dollars—the allies share—from the loan. The amendment was defeated by 217 to 3.

Another amendment, offered by Representative Moore of Philadelphia, proposed that the allied loan should be repaid within thirty years.

Republicans and democrats, pleading that the allies are fighting America's battle, denounced the amendment.

Moore then changed his amendment so as to make the time for repayment fifty years. It was defeated.

A flood of amendments to the bill shortly before two o'clock—the time house leaders had set for a vote—promised to delay passage of the measure for possibly two hours. Most of the amendments merely furnished an opportunity for members to speak.

Majority Leader Kitchen offered a committee amendment, designed to overcome objects and cut down discussion, stating the allies loan is made for "more efficient provision for the national security and defense and providing that the money shall be loaned only to countries at war with enemies of the United States."

That the war department will soon authorize recruiting of additional national guard units in the various states was intimated in official circles this afternoon. This done, the order will amount to calling for between 200,000 and 400,000 additional volunteers.

"Putting Russia on her feet," is to be the task of America and her allies. It is occupying the constant attention of the governments on the eve of a series of great war councils here and abroad. The German influence attacking the new Russian government will be met by the United States with political, financial and moral support of the new

government on a tremendous scale, it was announced today.

This work will constitute one of the great issues before the international commission soon to convene in this country. The first step will be sending to Russia a group of prominent men to assist the new country. They will represent the military, naval and business departments of this nation.

Similar commissions will also be sent by the United States to other allied countries.

ARGENTINA SWEEP BY WAR SENTIMENT

Anti-German Feeling Expressed Following News of Sinking of Vessel by Submarine

LIKELY TO FOLLOW BRAZIL

(U. P. Staff Correspondent.)

Buenos Aires, April 14.—With the Brazilian government on the verge of war with Germany after the diplomatic rupture and with Bolivia's diplomatic relations severed with Berlin, Argentina was swept by anti-German sentiment today. This probably will result in a diplomatic break between Buenos Aires and Berlin.

Excitement followed the news of the sinking of an Argentine sailing vessel by a submarine. Prediction by responsible officials was that Argentina would follow Brazil's example in handing the German minister his passports.

The point was raised that while the vessel was registered as an Argentine ship she was really Brazilian and Italian. Her crew was composed of Norwegians.

The German minister held a brief conference with the President of Argentina today and later stated, "Germany and Argentina are at perfect peace."

FOOD DRIVE MAY WIPE OUT THE DISTILLERIES

Drys in Congress Are Preparing to Launch a Great Campaign For Prohibition

TO SAVE THE GRAIN FOR FOOD

(U. P. Staff Correspondent.)

Washington, April 14.—America's drive for food may wipe out her breweries and distilleries.

Taking advantage of the threatened food shortage throughout the world and the demand upon American farmers to feed the United States and her allies, the drys in congress are preparing to launch a great campaign for prohibition.

It is intended to stop the manufacture of liquors and beers during the war, thereby diverting millions of bushels of grain into food channels.

Those in a position to know declare more than 600,000,000 bushels of grain would be saved by closing the beer and whiskey plants.

BURNS HOLE IN HOUSE ROOF

Fire at Bert Madden's Home Today Does Only Small Damage

A roof fire at the home of Bert Madden in East Fourth street this morning resulted in small damage. The fire evidently started from a spark dropping down on the roof. A hole was burned in the roof close to the flue. The fire department was called but it was not necessary to throw any water, the blaze being extinguished with chemicals. The loss is fully insured.

MEETINGS IN ALL TOWNSHIPS, PLAN

Crop Committee Probably Will Employ This Method in Campaign of Education in County

CORN ACREAGE INCREASED

Sentiment Expressed at Meeting Indicates Larger Food Crops Will be Result

Township meetings in all the townships of the county will probably be held next week to interest the farmers in the bigger and better crop movement inaugurated since this country entered the war against Germany. At a meeting of the executive committee and the township chairmen of the organization perfected last Saturday, held today with County Superintendent C. M. George these meetings were discussed as a method to explain the movement more fully to the farmers.

It was generally agreed at the meeting today that most of the farmers of the county had their plans for this year's corn crop all laid and that the increased acreage would be very small as a majority had already planned to plant more than in former years. Other matters equally as important were discussed, such as the moving of this year's wheat crop.

The movement for larger and better food crops will likely lead to more gardens and the growing of more potatoes, from the sentiment expressed at the meeting. Many people with vacant lots are planning to plant or have already planted them in potatoes. Prices were quoted from wholesalers on seed potatoes in ear load lots and it may be that several ear loads will be ordered and then distributed among the farmers. Nothing definite had been decided on at the meeting late this afternoon.

With indications pointing to a good wheat crop, the farmers are facing a serious problem of moving the grain. An elevator man told the meeting that this problem would be serious because of the inability to secure cars. He stated that most landlord farmers had their own granaries and could take care of their crops but the tenant farmers usually sold the wheat to the elevators directly from the threshing machine and as the capacity of the elevators was limited the question would be what to do with the grain.

As a solution to this, the elevator man suggested that the elevators of the county qualify under the public service commission and operate storage houses, filling their elevators to the limit and then issue warehouse receipts to the tenant farmers. These receipts would be good at the bank and in this manner the farmer would get a return on his crop immediately.

Ernest B. Thomas addressed the meeting briefly, stating that the sentiment prevailed in Washington that this war was going to be won on the farm. He urged the farmers to cooperate. Mr. Thomas pointed out the disorganized condition of the army at present and showed the farmers that they should be ready for any emergency.

GERMANSAILORS MUST WORK

Employment Will be Found for The Interned Men Here

Washington, April 14.—Members of the crews of German ships seized by this government after war was declared on Germany, will be put to work, it was officially stated today. If war comes with Austria her sailors will also not be allowed to remain idle. A total of 1,866 men will be affected and a survey is being made to find places suitable for their employment.

TERM OF COURT TO CLOSE IN ONE WEEK

After Vacation of One Week, May Term Will Open on May 7—Divorce Suits Heard Today

ONE IS UNDER ADVISEMENT

Judge Sparks Grants Decree to Glendora Hoffman From John Hoffman—Other Business

Judge Sparks heard two divorce suits this morning, granting one and taking the other under advisement. Glendora Hoffman was given a divorce from John Hoffman and her maiden name of Glendora Holmes was restored. The defendant defaulted.

The other case heard was that of Neta Vannatta against Carl Vannatta. They were married March 2, 1916 and separated after living together nine months. Vannatta opposed the granting of a divorce.

Mrs. Vannatta, who is a daughter of Mr. and Mrs. Lewis Bever is but eighteen years old. She charged cruel and inhuman treatment and failure to provide. In the complaint she asks \$500 alimony. In the testimony it was brought out that the young couple lived with her parents during their married life and never went to housekeeping.

The present term of court will end two weeks from today, April 28 and after one week's vacation the May term will open, starting May 7. Judge Springer of Connorsville will occupy the bench here Monday and will hear several arguments in cases in which he is acting as special judge.

The case of the Star Taxi Company of Dubuque, Iowa, against John Carr will not be tried here, as a motion for a change of venue was granted. The county to which the case will be sent has not been named by the court. The suit is on an account in which \$675 is demanded.

The case of the Rushville National bank against Charles E. Ellison, Julia Ellison and Will L. Brown, was dismissed and the costs paid.

The case of Chestina "Maury" against the estate of the late Richmond Wilson on a judgment was dismissed and the costs paid.

The Rude Manufacturing company was given a judgment for \$313 on an account against John Patton and Curtis Thrall.

The remains will arrive over the C. I. & W. 6:05 Monday evening will be taken to the Saxon home in Glenwood. The funeral will be held Tuesday afternoon at two o'clock at the Fairview Christian church and burial will take place in the Fairview cemetery.

PHONE COMPANY IS IN FINE SHAPE

Reports Read at Annual Stockholders Meeting Disclose Prosperous Year Enjoyed

DIRECTORS ARE RE-ELECTED

After Paying \$10,000 on Debt and Adding \$4,088.56 to Plant, Income is \$15,088.56

The Rushville Co-operative Telephone company enjoyed the best year of its history last year as shown by the annual reports submitted at the stockholders meeting last night. After paying \$10,000 on the indebtedness and adding \$4,088.56 to the value of the plant in permanent improvements, the total income above operating expenses was \$15,088.56.

The three directors whose time expired were re-elected without opposition. They were Robert L. Tompkins, Frank M. Capp and John H. Frazee. The term is for a period of two years. Other directors holdovers are Dr. W. S. Coleman, J. M. Amos, W. A. Jones and R. F. Seuder. This board will meet within a week and organize for the year.

The indebtedness of the company is now \$9,000 and this will be paid off before January 1, unless something unforeseen arises. A total of \$10,000 was applied to the debt of \$19,000. The company has followed a policy of putting the surplus back in the plant for permanent improvements. The company has never paid a dividend and probably never will as it was not organized for this purpose. It is likely that during the coming year additional improvements will be made and in time it is hoped to make the local plant the best in the state.

There was a net gain of 74 telephones during the year. At the close of business on April 1 the company had a total of 1,823 telephones in operation. This includes those of the Milroy plant which is a part of the local system. Last year the company had 1,749 phones in service. About 1,300 of this total is in the city of Rushville.

The receipts for the year showed a gain of \$1,395.25 over last year, while the operating expenses decreased \$412.48. The total net receipts of the company amounted to \$37,015. The largest item in the receipts was received from telephone rentals, which amounted to \$28,586.67. The receipts were as follows: telephone rentals, \$28,586.67; tolls, \$7,537.38; moving telephones, \$105.50; office rent, \$232.32; special tax, \$132.19; miscellaneous sales, \$429.94.

The disbursements are divided into four classes. The operating expenses were \$14,903.79; cost to plant and equipment, \$4,088.56; materials and supplies, \$1,722.04 and miscellaneous expenses, including \$10,000 paid on the debt, amounting to \$16,090.83. From this account it is seen the total disbursements for the year were \$36,805.21. These figures are from the reports of M. V. Spivey, secretary and George H. Davis, manager.

An auditing committee composed of Fred A. Caldwell, A. L. Winship and H. G. Hackman was appointed to audit the reports.

CORPORATION LAWYER DIES

(By United Press.) Philadelphia, Pa., April 14.—John G. Johnson, one of the most famous corporation attorneys in the United States, died today. He represented the American Tobacco company and the Standard Oil company in their fight against the government dissolution suits.

PROGRAM FOR FLAG RAISING IS READY

Pres. Charles L. Henry, Judge W. M. Sparks, John D. Megee, J. H. Kiplinger, A. B. Irvin to Speak

MAYOR C. L. BEBOUT CHAIRMAN

Odd Fellow Band and Glove Co. Girls Chorus to Provide Music—Ministers to Participate

If the prognosticator who controls the destinies of the weather in Rushville is inclined to be fair, employees of the I. & C. power house and car barns and the Rushville Glove company are expecting to entertain between two and three thousand people Sunday afternoon at two-thirty o'clock at the joint ceremony incident to the triple flag-raising.

The formal program was announced today and discloses that men of prominence in the community will have a part. Such men as President Charles L. Henry of the I. & C., Judge Will M. Sparks, John D. Megee, President A. B. Irvin of the glove company, J. H. Kiplinger, Mayor C. L. Bebout and the ministers of the city will participate.

Although special invitations have been issued to the employees of all of the factories in the city, no person is excluded. A general invitation for every one in Rushville and Rush county who can come to be present. Notices have been posted in all of the factories of the flag-raising and a special invitation to the school children was read in the city schools yesterday.

The girls from the glove company who will raise the flags are as follows: Mildred Madden and Laura Jordan, the car barns flag; Beatrice Wilson and Esther Waggoner, the power house; Freda Warfield and Leila Cross, the glove company.

The flag poles have all been erected in preparation for the joint ceremony. The pole on the glove company building is twenty-five feet high and those on the I. & C. car barns and power house are forty-five feet in length. A platform will be raised near the glove company building in Julian street just east of Third street. There is ample room there to accommodate a crowd of several thousand people. The Odd Fellows band will also have a part in the program, the audience will sing patriotic songs and a chorus of girls from the glove company will sing. The program will be as follows:

Meeting will be called to order by S. C. Waggoner.

A Few Timely Hints for Home Gardner to Follow

Department of Agriculture Horticulturists Outline Principles for Making a Success of the Home Vegetable Patch.

XIV. PLANTING VEGETABLES FOR WINTER USE.

There are a number of vegetables which, though grown in the summer, are usually planted for use in the following winter. An adequate supply of these produced in the home garden will do much to make the family's winter fare more attractive and more economical. Among garden products of this type may be named cabbage, carrots, parsnips, turnips, and rutabagas.

Both early and late varieties of cabbage are grown extensively. In the North early cabbage may be planted in the hotbed during February and transplanted to the open ground as soon as the soil is ready to be worked. For a late crop it is customary to plant the seeds in a bed in the open ground in May or June and transplant then to the garden in July. For cabbage of this character the soil should be heavier and more retentive of moisture than for early cabbage, which requires a rich, warm soil in order to reach maturity quickly. For the late variety it is not desirable to have too rich a soil, as the heads are liable to burst. Cabbages should be set in rows 30 to 36 inches apart, the plants standing 14 to 18 inches apart in the row.

To store cabbage the heads should be buried in pits or placed in cellars. One method is to dig a trench about 18 inches deep and 3 feet wide and set the cabbage upright with the heads close together, and the roots embedded in the soil. When cold weather comes the heads are covered lightly with straw and 3 or 4 inches of earth put in. Slight freezing does not injure cabbage, but it should not be subjected to repeated freezing and thawing. Early cabbage can not be kept, as it does not stand hot weather well. It should be used soon after it has formed a solid head.

Cauliflower is cultivated in much the same way as cabbage, but when the heads begin to develop the leaves may be tied over them in order to exclude the light and keep the heads white. Cauliflower requires a rich, moist soil and thrives best under irrigation. The tender heads of this vegetable are boiled with butter or cream, and also used for pickling.

The roots of the parsnips are dug late in the fall and stored in cellars or pits, much as cabbage is, or else are allowed to remain where they

are grown and are dug as required for use. All roots not dug during the winter, however, should be removed from the garden, as they will produce seed the second season and become of a weedy nature. When the parsnips has been allowed to run wild in this way the root is considered to be poisonous.

The seeds of parsnips should be sown as early as convenient in the spring in rows 18 inches to 3 feet apart. The plants should later be thinned to stand 3 inches apart in the row. A rich soil with frequent cultivation is necessary for success with this crop. The roots are boiled until tender and then cut in slices and browned in butter or roasted with meat in the same way that potatoes are.

Carrots are cultivated in practically the same way as the parsnips, but are not thinned so much and are allowed to grow almost as thickly as planted. Those not used during the summer are dug in the autumn and stored in the same manner as parsnips or turnips. If there is a surplus it may be fed sparingly to horses and mules or cattle.

Turnips are used largely in combination with potatoes, cabbage, and meat in boiled dishes. They are also mashed like potatoes and are a desirable addition to the ordinary winter fare. They require a rich soil and may be grown either as an early or late crop. For a late crop it is customary to sow the seed broadcast on land from which some early crop has been removed. In the North this is generally done during July or August, but the usual time is later in the South. The plants are quite hardy and the roots need not be gathered until after several frosts. They may then be stored in a cellar or buried in a pit outside. Before storing, the tops should be removed. If an early crop is desired the seed should be sown in drills 12 to 18 inches apart as early in the spring as the condition of the soil will permit. After plants appear they are thinned to about 3 inches. Two pounds of seed are required to plant an acre.

The rutabaga is quite similar to the turnip and is grown in much the same way. It requires more space, however, and a longer period for its growth. It is used to a considerable extent for stock feed and has the advantage of being quite hardy.

—Mr. and Mrs. Nick Tompkins, Mrs. Charles Frazee, Mrs. R. L. Tompkins, Mrs. O. M. Dale and Mrs. Fred Caldwell motored to Indianapolis yesterday and spent the day.

—Miss Louise Kenner returned Friday evening to her home east of the city after spending a week in Chicago with her brother, Arthur Kenner, and other relatives and friends.

SET DATES FOR THE DISTRICT MEETING

Federated Clubs Officers, in Session Here, Decide on May 17 and 18 For Convention

TO BE HELD IN CONNERSVILLE

Dates were selected for the annual convention of the Sixth District of Indiana Federation of Clubs, to be held at Connersville, at a meeting of district officers yesterday afternoon at the home here of Mrs. Guy Abererombie, district chairman.

The convention will be held at the Methodist church in Connersville on Thursday and Friday, May 17 and 18. It was announced that the main address on the program would be made by Mrs. Julia Strauss of Rockville, Ind., known all over Indiana as "The Country Contributor." She will speak on Thursday evening.

Besides Mrs. Abererombie, the other officers who attended the meeting here yesterday were: Mrs. Ben DeHaven, Fayette county chairman of federated clubs; Mrs. Ben Cole, district chairman of the committee on music, and Mrs. Willard Petro of Cambridge City, secretary treasurer of the district federation.

RUNAWAY FARM TEAM DAMAGES AUTOMOBILE

Horses Belonging to James Morris Drive Wagon Tongue Through Jacob Meyer's Machine

ONE HORSE DRAGGED 30 FEET

A new automobile belonging to Jacob Meyer of Falmouth was badly damaged at noon today when a runaway team, owned by James Morris, living north of the city, crashed into it. The machine was parked in Main street in front of the Charles Moore barber shop. The team started to run near the Caldwell livery barn in South Main street. One of the horses fell and this pulled the wagon over to the side of the street, the tongue hitting the back part of the auto and going through the body.

The force of the collision forced the auto up over the curbstone and the front of the machine was just ready to crash into the front door of the Comella shoe repair shop. The horse that fell was dragged for a distance of thirty feet and it appeared certain it would be killed but both horses escaped without a scratch. The hole in the body of the machine, just under the rear seat, was several inches in diameter. In addition to this the rear light and tire rack were broken. There was no one in the machine at the time of the accident.

Hugh Mauzy has purchased property at 1115 North Perkins street of Cary Jackson for \$4,500. Mr. and Mrs. Mauzy and family will move from their present home at Morgan and Fifth streets the first of next month.

Amusements

The Gem offers the usual program for tonight with a varied bill. The first is a comedy "A Limburger Cyclone." "The Wrong Mary Wright" is the title of the second and the last is a drama "Behind Life's Stage." Another little Mary Sunshine picture, starring Baby Marie Osborne will be shown at the Gem Monday. She was the star of those famous pictures "Little Mary Sunshine" and "Shadows." There is a delightful little scene at the beginning of "Joy and the Dragon." Some fishermen find a wee youngster lashed on a frail raft at the mercy of the wind and waves, the sole survivor of a ship that hit a mine. "My name is Joy," she tells them, "My papa fell in with the fishes and ain't come back yet."

The Lyric will show the two reel drama "The Dreamer" for the first picture of the Saturday night program. Edward Coxen is featured and it is said to be a fascinating rural drama. The second picture is a western drama, "Sandy, Reformer." The last is a comedy entitled "Bungling Bill's Dress Suit." Ben Turpin is featured. Monday the five act feature "Rip Van Winkle" will be shown.

"The Jungle Child" is the title of the first picture at the Princess tonight. Dorothy Dalton and Howard Hickman are featured. It is said to be a wonderful story of Brazilian forests and New York City. In addition to this the two reel comedy featuring Fatty Arbuckle and Mable Normand "Fatty and Mabel Adrift" will be shown.

HARRIET HARCOURT DIES AT SON'S HOME

Widow of James Harcourt Expires This Morning in Orange Township of Complications

SEVEN CHILDREN SURVIVE

Mrs. Harriet Harcourt, age eighty-five years, widow of James Harcourt, died at 1:30 o'clock this morning at the home of her son, Ira Harcourt, in Orange township, four miles west of Milroy, from a complication of diseases.

Mrs. Harcourt was eighty-five years old Thursday. Her husband has been dead several years. He was famed in this section of the state as an inventor, having perfected a wheat drill, washing machine and other devices. He had a factory on his farm and made money by his natural ability as a mechanic.

Mrs. Harcourt is survived by seven children as follows: Ira, Alonzo and Mrs. John Hungerford of Orange township, Ed and Wilbur T. of Milroy, Luther of Foleyville, south of Milroy and Mrs. John Hardwick of Rushville. Another daughter died many years ago.

The Ladies Altar Society of the St. Mary's Catholic church will meet at the home of the late Mrs. Peter Schetgen, Sunday afternoon. All members are requested to be present.

BRITISH ARMIES CONTINUE ADVANCE

Capture Another Mile of Hindenburg Line Today and German Resistance Becomes Desperate

TOWN OF LENS IS SET ON FIRE

By WILLIAM PHILIP SIMMS
(U. P. Staff Correspondent.)

With the British Armies, April 14—Another mile of the Hindenburg line was taken by the British today. Lens, the most important of France's coal cities is likely to be captured at any moment. British are encircling it on two sides.

The city was afire today and it was plain the Germans intended to sack and destroy the town.

German resistance is growing more desperate each day. British forces were steadily gaining command of all high ground villages.

ASKS \$5,000 DAMAGES

Emma Roland, of near Carthage, by her next friend, Edward Roland, has filed a \$5,000 damage suit against Rue Ewing, also near Carthage, alleging seduction. Miss Roland, who states she is 19 years old, claims Ewing is the father of her child and demands damages because of suffering mentally and physically. W. E. Bussell of Greenfield and Douglas Morris represent the plaintiff.

I am for freedom everywhere.
—Abraham Lincoln.

One by one our delusions are shattered. We used to hear the sage advice of the economist tell us to "eat dried apples for breakfast, drink water for dinner, and swell up for supper." But the impossibility of any economy in the menu can be seen when we remember that apples are expensive. Economy! Fortunately the fellow who coined that word is dead, and has no means of knowing what a delusion it is today.

We note, though, that some people who get out on the streets and bellow the loudest for civic improvement are the ones who could best put in their time cleaning up their own back yards. We do not want to disparage the preaching of civic improvement—far from it. But we do want to advocate practicing before preaching. The indolent and indifferent man sits in his own rubbish and tells his neighbor what to do, while the energetic and prideful man goes ahead and does it and thinks in his mind what a worthless cuss the constitutionally "tired" one is. By the law of human nature you must be one or the other.

To Lessen Tuberculosis

Remarkable progress in county tuberculosis sanatorium provision is shown in the most recent statement of the New York State Charities Aid Association. In the ten year period since the tuberculosis campaign began thirty-three counties—exclusive of the metropolis—have hospitals, which have been either established or authorized by referendum or favorable action of public boards. Exclusive of New York City, the counties maintaining provision for their tuberculous citizens, contain 81.3 per cent of the population of the state. The remaining twenty-four counties have no hospital provision available or authorized. Twenty-seven hospitals are in operation and twelve more authorized and in these are 1,799 beds now in use and 1,279 more authorized, making in all 3,078 beds where but 154 beds were available in 1907. Legislation similar to the referendum law under which New York is spreading sanatorium provision having been passed by the Indiana Legislature in 1917, we may soon see a similar extension of sanatorium provision in this state. If, as is often said, each case of tuberculosis treated at home averages to make three new cases by infection before recovery or death, the anticipated widening of sanatorium service will result in a material lessening of the disease in Indiana.

BANISHED AUTHOR MAY NOW RETURN

Amphiteatrov, Noted Russian Novelist, Who Violated Censorship, Can go Back.

WROTE ARTICLE FOR PAPER

(By United Press.)
London, April 14.—Amphiteatrov, well known Russian novelist, who was banished from Russia and who now may go back for violating the censorship by writing an article for the Russkaya Volya, to get the meaning of which the reader had to take the first letter of each word and set them together, showed a copy of it here today. It read thus: "It is absolutely impossible to write about anything. The censorship is playing a monstrously unfair game. The state of affairs is more deplorable than it was thirty years ago. They even block out the fables of Krylov. I apologize, my readers, for having with my gray head to have recourse to such a way of getting in touch with you. Protopopoff has fettered our press."

WOMEN RECRUITS ASKING QUESTIONS

Desire Certain Things Answered Before They Are Willing to go to The Front.

SOME EVEN OBJECT TO KHAKI

(By United Press.)
London, April 14.—The thirty thousand English women who have volunteered for active service at the fighting front with the men troops are asking some embarrassing questions of the Adjutant General's department.

Style and comfort figure in the list. They don't know whether khaki is becoming enough. Some of them want soldiers' caps instead of hats. They wonder whether the women soldiers must salute the men officers. And they want to know whether they may smoke and whether the regular tobacco ration will be given them, like the men.

How late they may stay out of barracks at night, whether they must bob their hair, clean their own boots and do or not do a dozen other things are questions to which the women want an answer.

TO SEIZE ALL RAILROADS

Bill Gives President Control of Phone and Telegraph Co's.

(By United Press.)
Washington, April 14.—Chairman Adamson of the house interstate commerce commission has introduced a bill giving the president power to seize all railroads, telegraph and telephone companies in time of war and to draft employees of the company for military service. The bill has been approved by the president. Under the bill the interstate commerce commission is enlarged to eleven members. A heavy penalty is named for interference with United States mails in time of war or for interference with interstate commerce—particularly railroad freight.

11 CITIES REPRESENTED.

Ft. Wayne, Ind., April 14.—Eleven cities are represented in the entries for the state bowling tournament which opened here today. Ninety-one teams were entered from this city. Other cities represented and the number of teams which they will send are: Indianapolis, twenty-four; South Bend, eleven; Terre Haute, ten; Kokomo, six; Gary, six; Mishawaka, six; Richmond, two; Ligonier, two; Decatur, one; Michigan City, one.

TO DESTROY WATER SUPPLY.

Cincinnati, April 14.—A plot to destroy the Cincinnati water supply was frustrated by a guardsman when he fired on three men found digging a hole near the main intake which supplies the city from the Ohio river. The men returned the fire and fled. It is believed one of the men was wounded.

What America Will Do To Help Beat Germany

The die is cast. The American people take up the gage of battle which has been forced upon them by the German Government, and will go into the war "up to the hilt" to defend American rights on land and sea, and the fundamental principles of democracy.

It will be no purely defensive war upon which America embarks, for President Wilson in his message to Congress called upon the country "to exert all its power and all its resources to bring the Government of the German Empire to terms and end the war" because "the world must be made safe for democracy."

In THE LITERARY DIGEST for April 14th, public opinion as to the practical steps which should be taken is shown. The submarine peril is one of the first, and perhaps the most important, problems to be overcome. On this subject, press writers in London and Washington tell of plans already made for cooperation between the American and Allied navies. The various view-points upon universal military service, the dispatch of troops to Europe, an agreement with Great Britain, France, Russia, and Japan, for no separate peace, three steps advocated by the Chicago Tribune, are advanced, and arguments for and against them are presented, in addition to other plans.

A World-Tour In An Observation-Car

Those of us who have traveled to any extent are familiar with that luxury of the tourist, the observation-car. It enables the voyager to obtain a clear view of all parts of the landscape through which he is passing. Its windows open impartially upon every side. It affords a panorama of the country to right and left, of the pass ahead and of the long trail winding out behind. It shows you mountain and plain, river and sea, green fields and smoky towns, and you are free to decide which of all these

you prefer. There is no compulsion, no touting. Your judgment is completely uninfluenced. Through the world of events THE LITERARY DIGEST travels in precisely the same manner, giving its readers an unbiased view of all questions, all ideas, all diversities of thought. Here, as in the observation-car, you are free to decide upon your likings. There is no attempt to persuade or convince you. You are simply given a broad view of the facts. The decision rests solely with yourself.

"THE WHOLE TRUTH"

Says Mrs. Eads, in Writing Her Praise For Cardui.

Circleville, Ohio.—"All I have said about Cardui, the woman's tonic, is the whole truth," says Mrs. Fannie Eads, of R. F. D. No. 6, this town.

"I suffered with womanly weakness, and pains in my back and limbs for two long years. I was so bad off, I could hardly walk at all.

My husband advised me to try Cardui, the woman's tonic, and I concluded to follow his advice. After taking Cardui according to directions, I now feel like a new woman, and can do all of my work.

Before taking Cardui, I was a walking skeleton; now I weigh 150 pounds. I recommend Cardui to every suffering woman, for I know what it did for me. My dresser is never without a bottle of Cardui on it."

There is no reason why Cardui won't help you, just as it has Mrs. Eads, as well as hundreds of thousands of other women in the past 50 years. So if you suffer from any of the many ailments so common to women, or need a good strengthening tonic for that tired, nervous, worn-out feeling, get a bottle of Cardui today. As all druggists.

Offer Services Free of Charge

The United Doctors Special-
ist, licensed by the State of In-
diana, for the treatment of all
diseases, including deformities,
nervous and chronic diseases
of men, women and children,
offer to all men who call on this
trip, consultation, examination,
advice free, making no charge
whatever, except the actual
cost of treatment. All that is
asked in return for these valu-
able services is that every per-
son treated will state the result
obtained to their friends and
thus prove to the sick and af-
flicted in every city and local-
ity, that at last treatments have
been discovered that are reason-
ably sure and certain in their
effect.

The United Doctors are ex-
perts in the treatment of
chronic diseases and so great
and wonderful have been their
results that in many cases it is
hard to find the dividing line
between skill and miracle.

Diseases of the stomach, in-
testines, liver, blood, skin,
nerves, heart, spleen, rheuma-
tism, sciatica, tapeworm, leg
ulcers, weak lungs and those
afflicted with long-standing,
deep seated, chronic diseases,
that have baffled the skill of the

fail to call. Deafness often has
been cured in sixty days.

According to their system no
more operation for appendi-
citis, gall stones, tumors, goi-
ter, piles, etc., as all cases ac-
cepted will be treated without
operation or hypodermic in-
jection, as they were among the
first in America to earn the
name of "Bloodless Surgeons,"
by doing away with the knife
with blood and with all pain in
the successful treatment of
these dangerous diseases.

No matter what your ailment
may be, no matter what others
may have told you, no matter
what experience you may have
had with other physicians, it
will be to your advantage to
see them at once. Have it for-
ever settled in your mind. If
your case is incurable they will
give you such advice as may re-
lieve and stay the disease. Do
not put off this duty you owe
yourself or friends or relatives
who are suffering because of
your sickness, as a visit at this
time may help you.

Worn-out and run-down men

LAW ENFORCED IN STRANGE WAY

Fight Promoters in Cuba "Put" It
Over on the Mayor by Use
of Fake Letters.

GOVERNMENT OFFICERS USED

Argued Down Police and Then
Used Telephone—Discovered
Trick Next Day.

BY H. C. HAMILTON.
(U. P. Staff Correspondent.)

New York, April 14.—A story of
how the Cuban secretary of the in-
terior, all unconscious of it, helped
a bunch of Cuban fight fans out of
a hole, was brought here recently
by a traveller from Havana. The
fight was staged in Havana over the
protests of the mayor and the
chief of police, much to the satis-
faction of the promoters—and to
the extreme chagrin of the secre-
tary, who found out about it later.

The fight was advertised to take
place, the hall was packed, the cig-
arets were going big and the Cubans
were happy. Just as the announcer
was telling his audience what a fine
pair of scrappers the two antagon-
ists were, and how the fur was go-
ing to fly in clumped a sergeant and
ten toy soldiers, designated police.

Down the aisle they marched in
precise military formation and were
brought to an abrupt halt at ring-
side by the sergeant, who, with a
florish, informed the audience and
the promoters that, by order of the
mayor, no fight was to be held.

"But I have the authorization of
the secretary of the interior to hold
this fight," the promoter protested.

"Can't help it," replied the ser-
geant. "Orders are orders and I
work for the mayor. Clear out."

The debate grew and the words
were flying fast.

"Suppose I should show you a
letter from the secretary of the in-
terior. You know his signature,
don't you?"

And the promoter produced his
letter.

"That's his signature alright," re-
plied the policeman, "but the fight
can't go on."

"If I should get the secretary on
the telephone and he should tell you
to allow the fight to proceed would
you change your mind?"

This was agreed to and someone
rang up the secretary who informed
the policeman that the fight must be
held.

The policeman made his apolo-
gies, bowed very low a lot of times
and he and his men took front seats
and watched the show.

Next day it was found the secre-
tary was out of town.

BUY AUTOS FOR USE IN BIG CAMPAIGN

Farmers of Minnesota Order 100
and Will Start Work at Once
Organizing State.

TO CONTROL LEGISLATURE

(By United Press.)

St. Paul, Minn., April 13.—One
hundred autos were purchased by
the National Non-Partisan League
here today for use in what probably
will be the greatest and the hottest
farmers political campaign ever
waged in Minnesota.

The cars will be delivered within
a few days and with these and many
others owned by the league, each
manned by a non-partisan league
organizer, every farmer in the
state will be visited.

The league plans to organize the
state as completely as the North
Dakota farmers were organized
when they captured the legislature
last year.

"By the time the next political
campaign arrives the league will
have as members 95 per cent. of the
farmers of Minnesota," said A. C.
Townley, president of the league,
here today.

LOOKS READY FOR HIS BEST SEASON

Benny Kauff, Late of the Feds, Ap-
pears to be in Shape to Set
Mark for Himself

LEARNED MUCH IN ONE YEAR

When he First Started in National
League he Would Swing at
Anything

By H. C. HAMILTON.
(U. P. Staff Correspondent.)

New York, April 14.—If reports
from pre-season contests in which
the Giants participated are worth
anything Benny Kauff, the blushing
violet of the Federal league, stands
a fine chance of enjoying the best
season of his career this summer.

Kauff, the box scores show, hit
the ball on the nose with startling
regularity and firmness, and the
box scores also showed that he oc-
casionally drew a base on balls in-
stead of swinging wildly at the bad
ones.

When the season ended last Fall,
Kauff was showing some of the stuff
that made him a king of batters in
the old Gilmore circuit. He was
whaling away at the horsehide in a
manner that would have soon boost-
ed his batting average to very near
the .300 class. It was the result
of close study by Benny and some
close tutoring by John McGraw.
Kauff had been told he couldn't
swing in the general direction of a
National league baseball and slam it
out of the lot.

When Benny entered the circuit
presided over by John K. Tener it
became a standing joke that he
would take a smash at anything,
sincere and certain in the belief
that a baseball couldn't be thrown
past him very often. It was a fact.
He was so eager to hit that he
would swing at anything.

That's all changed now. Benny
has learned to wait and get the good
ones. And when he connects it
means something, for there are few
batters in either big league with the
driving power that is contained in
his stock frame.

It's partly Ty Cobb's fault that
Benny is making such marks for
himself, the reports say. Benny
grew almost green with jealousy
when he was thrown into a series
against the Georgian, and when Ty
attacked Buck Herzog, with whom
Benny rooms, his desire to eclipse
the famous Tiger knew no bounds.
He out-Cobbed Cobb in some of
those games, punching the ball
around for base hits and turning in
fielding plays that were sensation-
al.

With his ambition, powerful arms,
and natural ability to hit there is
no reason why Kauff shouldn't take
his place among batting leaders of
the National league. And, it is
proper to remark that Benny has
learned to wear a heavy batting av-
erage without danger of it running
over.

SERVES OUT TIME FOR BURNING FLAG

Bouck White, Self Styled Anti-Pa-
triot, Completes Term in New
York Jail.

SAYS HE IS A GOOD CITIZEN

(By United Press.)

New York, April 14.—Bouck
White, the self styled anti-patriot,
gunnysack-garbed pastor of the
church of the social revolution who
was convicted of burning the Stars
and Stripes in a melting pot with
other flags here some weeks ago,
will get out of jail after serving 30
days therefor, today.

In sentencing White Judge McIn-
tyre said he was sorry the sen-
tence was not for 30 years. White
replied the judge had never had a
more unrepentant sinner at his bar.
He said the flag burning was sym-

There's more to this
cigarette than taste

A heap more. Most any cigarette can please the taste—
somebody's taste.

But this Chesterfield Cigarette, in addition to pleasing the
taste, gives you a new kind of enjoyment in cigarette smoking—

Chesterfields let you know you are smoking—they
"SATISFY"! And yet, they're mild!

It's all due to the blend—the blend and the quality of the
tobaccos. For we tell you that such costly, high-quality Imported
and Domestic tobaccos have never before been put together in
any cigarette at anywhere near the price.

And the blend can't be copied.

Words can only tell you these things—it takes the cigarette
itself to prove them. You'll be glad you tried Chesterfields.
Do it today.

Cream Separators

The ANKER HOLT SELF-BALANCING CREAM SEPARATOR
is a high grade Separator at a medium price and can be washed
and cleaned in one-half the time you wash any other separator.
It is convenient, very easy to operate and a child can work it;
it will skim more milk in a given length of time than any other
separator, claiming similar capacity, and has proven to be one
of the closest skimming separators on the market, where it has
been tested with other separators. It is fully guaranteed in
every respect and the material and workmanship is equal to or
better than any separator on the market. We sincerely ask you
to call and investigate the ANKER HOLT CREAM SEPARA-
TOR, look it over in every detail and note the absolute worth and
merit that it has over other separators.

Eight members of the Thimble club and five guests were entertained by Mrs. F. B. Johnson yesterday afternoon at her home in West Second street. A birthday cake was given to Mrs. Ab Denning, in honor of her birthday yesterday. Spring flowers brightened the rooms in which the guests enjoyed the pleasant afternoon over needle work. A splendid two course luncheon was served at the conclusion of the afternoon.

The annual Easter dance was given at the K. of P. hall Thursday evening, for the K. of P.'s and their families. Decorations suggestive of Easter were used and splendid mu-

sic was furnished by the Mitchell orchestra. Thirty-five couples were in attendance. Engrossing rounds of cards furnished ample amusement for those who didn't dance. Mr. and Mrs. A. P. Reynolds of Glenwood and Herbert Stafford of Shelbyville were the only out-of-town guests.

* * *

Mr. and Mrs. Joe Amos entertained with an elegant three course dinner today at their country home East of the city, honoring the birthdays of Mr. and Mrs. Strong of Indianapolis, who are her weekend guests. The table presented a charming appearance, spring flowers being used as the center decoration. Aside from the guests of honor, Mr. and Mrs. Willard Amos and daughter, Mary, were present.

PLANS TO CHANGE THE RAILROAD MAP

Allied Railway Commission Already Figuring on Changing Several Routes.

NOW STUDYING SITUATION
(By United Press.)

Rome, April 13.—Allied railroad commissions today are preparing to redraw Europe's railroad map. They are already planning the destruction of the allied dependence on the German lines in the "war after the war."

For example, a proposed railroad connects Bordeaux with Odessa, avoiding Middle Europe and passing through Turin and the Italian-to-be Triest. Other lines, perfecting the development of allied territory, are also in prospect.

French and English railroad officials are now in Italy, studying the situation with allied officials. The commissioners are making a careful tour of investigation throughout the allied countries, it is said, and work on the contemplated lines will be rushed to completion, as soon as the war ends.

HOOSIER PESTS.

BY R. E. SNODGRASS.
(Written for United Press.)

The time has come when we will need all of the products our land can produce. No longer can we afford to feed a host of insect enemies and be content to harvest for ourselves what they leave. It is imperative that we wage effective warfare against the Hessian fly, the corn-eat worm, the corn-root aphid, the cut-worms, the cabbage worms, tomato worms, cucumber beetle, potato beetle and all the others whose work of destruction annually amounts to millions of dollars worth of agricultural products.

City people who are enthusiastic now over the prospect of gardening on vacant lots, must not think all they have to do is to consign the seed to nature and reap the harvest in due season. An army of insects is already entrenched within our borders and the toll that they will levy on our gardens will be appalling unless we take proper steps to check them.

Prepare now. Nothing but efficient fighting throughout the season will produce results.

Our enemies are well armed. Some eat plants outright, others pierce the tissues and suck out the vital juices. Arsenate of lead is the best remedy for the first division, nicotine sulphate is the best destroyer for the second. In case you need special information—and you probably will—communicate with the office of the State Entomologist in the state house.

We know how to control most of the injurious insects, though effective measures of fighting some of them have not yet been devised.

Signatures.

The signature is something a man writes at the end of his letters so nobody will know who they're from.

Some business men who are really interested in knowing who writes to them, employ signature ferrets. That is, bright young men who take the wild signature chase it to its lair, lash it into a fury and force it to divulge its identity.

Then there are other methods. Sometimes the ferret is able to nail a signature's owner by comparing it with the printed list of directors, or managers or something like that printed at the top of the letterhead. But this is not often possible.

Some folks have signatures and others write their names.

A LITTLE ADVICE TO MEN

MEN WHO ARE GETTING OLD BEFORE THEY ARE HALF WAY THROUGH LIFE SHOULD READ THIS AND TAKE HEED.

There is a serious ailment that affects men. Man should be at his best when forty, but many, through carelessness, fast eating, fast living and little thought of the consequences, are old and worn out at that age. They eat, but get no benefit; they sleep, but get no rest; they work, but get nothing done.

This ailment is easily and quickly overcome. Thousands upon thousands are being benefited through a systematic treatment, which, once started, brings back that which means so much to man who enjoys eating, who enjoys work, who enjoys everything that makes for happiness.

This systematic treatment restores energy, vitality and strength. It takes man back to youthful vigor; it makes him 100 per cent efficient and makes life a happy occasion.

Pepsinco is the name of this treatment. Pepsinco digests perfectly all that is eaten. Once you take care of the food as it enters the stomach, you will be on the way to proper body condition. Pepsinco prevents sour stomach, indigestion, bloating, sick headache, biliousness and all troubles due to a faulty digestion.

Don't wait till your condition is beyond hope—don't wait till it is chronic. Start this treatment now—today. In a few days you will realize the value of the proper digestion of food. Any druggist will let you have a small amount of this wonderful aid to digestion, and once you start using Pepsinco all stomach worries will cease, and youthful vigor will take the place of premature old age.

FAVORS AMENDMENT TO EXEMPT A CLASS

Rep. Comstock Would Not Compel Those With Scruples Against War to Bear Arms

A CONCESSION TO FRIENDS

Washington, April 14.—Representative D. W. Comstock, of the Sixth Indiana congressional district, has received numerous requests from members of the religious denomination of Friends, and others, asking that he support an amendment providing for the exemption of those having conscientious scruples against war, to the universal military training bill, which failed to pass in the last congress and which, will be brought up again in the house, soon.

To inquiries Representative Comstock has indicated his intention to support an amendment making such exemption.

Evidence of the patriotic attitude of many leading Friends is apparent, Representative Comstock says, from their expressed willingness to be of service to the nation in the present international crisis, in ways other than bearing arms.

INFORMAL FEELERS TO SEE THE EFFECT

Austria and Bulgaria Want to Know What Will Be Expected of Them in Case of Peace

SOME ARE TIRING OF THE WAR

(By United Press.)

Washington, April 14.—Informal peace feelers now being launched by Austria and Bulgaria in Switzerland are to determine what would be expected of these two countries if a formal peace move were put forth, it was stated today.

Officials attached to the Bulgarian legation admitted that reports of peace moves are probably true. One thing that gave strength to the report, these officers said, was the fact that the rumors were now coming from all quarters.

They attribute the peace moves as coming from a discontented class who are tiring of the war. The belief was expressed that if Bulgaria sues for a separate peace, Turkey will follow suit.

Jack Wewee told friends yesterday that he was leaving for California where he would be married to Mrs. Margaret Wise, formerly of this city, who attained some notoriety a few months ago when she attempted to commit suicide by drinking chloform. She was despondent then, she said, because Wewee had been paying attention to another woman.

Wewee said just before departing at 10:50 a. m. Friday that Mrs. Wise, who went to California a month ago, has wired him a ticket to come on to the coast.

It will be recalled by many that Mrs. Wise's young son died in California a few months ago soon after arriving there. He made the trip from here alone and took sick on the train.

TRAINING CAMP FOR WOMEN OPENS

One Thousand Rookies Gathering For Second Encampment at Chevy Chase.

WILL LAST FOR TWENTY DAYS

(By United Press.)

Washington, April 14.—"Prepare for National Service" is the slogan of the Women's Section of the Navy league to American women in Second Encampment of the First National Service School, at Chevy Chase beginning Monday. One thousand women representing every state in the Union are gathering today for training, to sleep in army tents, live under military discipline for 20 days and be instructed for national service by doctors and nurses of the American Red Cross and non-commissioned officers of the army, navy and marine corps.

The government has recognized the value of this training by turning over to the committee in charge a government reservation of twenty-seven acres. Here the great encampment, which will be the largest camp for women ever held in the world, is pitched.

Putting in Seeds Is Very Important

Planting is Like a Child—There is Much in Giving it a Good Start— Advice on Sowing Corn and Peas.

BY CARL VROOMAN.

Washington, April 14.—Now is the time to plant, and planting is important, for a plant is like a child—there is much in giving it a good start.

Corn should be sown at the rear of the lot. The distance between the rows can be cut down a great deal if the gardner is careful. Two feet apart will be food enough. Golden bantam corn can be used four inches apart in the rows. Sow two rows as soon as danger of frost has passed. Cover two inches deep.

A week later sow two more rows and a week later two more, making six in all. When the plants are five inches high thin to stand one foot apart in the rows. For six rows fifty feet long three pints of seed will be needed. Cultivate constantly, but as the corn grows cultivate only close to the surface. Two rows of corn fifty feet long should produce nine dozen ears.

Smooth peas, which like rich soil, should come next. Sow these as soon as the ground is ready, but the wrinkled ones should be planted two weeks later. The peas should be placed two inches apart in the rows, which should be two feet apart for tall and eighteen inches for dwarf varieties.

Three plantings can be used in a row of beets. Early in the Spring sow one-third of the row, first soaking the seed over night. Sow the seeds thin and half an inch deep. The second-third can be planted in a week and complete the row a week later. When two inches high thin out to stand four inches apart. Each fifty-foot row will take an ounce of seed.

Radishes and carrots should be sown together for two reasons. Carrots are delicate and will not push through hard ground. The radishes will take them along. Spinach will serve the same purpose. The carrots should be sown a third of a row at a time, about ten days apart, each time with radishes.

HOUSE INDICATES IT WILL VOTE THREE BILLION LOAN TO ALLIES

All Amendments Offered to Administration Bill Today are Promptly Voted Down

FINAL VOTE DELAYED 2 HOURS

Intimated War Department May Authorize Additional Recruits For National Guard

TO PUT RUSSIA ON HER FEET

This Will be Task of America and Allies—Series of War Councils Are Planned

(By United Press.)

Washington, April 14.—The house will vote to loan three billion dollars to the allies at once and without important reservation.

It showed this clearly today when amendments to restrict the loaning and the time for repayment in the administration seven-billion bond bill were attacked viciously.

Representative Toner of Iowa, republican, offered an amendment to strike three billion dollars—the allies share—from the loan. The amendment was defeated by 217 to 3.

Another amendment, offered by Representative Moore of Philadelphia, proposed that the allied loan should be repaid within thirty years.

Republicans and democrats, pleading that the allies are fighting America's battle, denounced the amendment.

Moore then changed his amendment so as to make the time for repayment fifty years. It was defeated.

A flood of amendments to the bill shortly before two o'clock—the time house leaders had set for a vote—promised to delay passage of the measure for possibly two hours. Most of the amendments merely furnished an opportunity for members to speak.

Majority Leader Kitchen offered a committee amendment, designed to overcome objects and cut down discussion, stating the allies loan is made for "more efficient provision for the national security and defense and providing that the money shall be loaned only to countries at war with enemies of the United States."

That the war department will soon authorize recruiting of additional national guard units in the various states was intimated in official circles this afternoon. This done, the order will amount to calling for between 200,000 and 400,000 additional volunteers.

"Putting Russia on her feet," is to be the task of America and her allies. It is occupying the constant attention of the governments on the eve of a series of great war councils here and abroad. The German influence attacking the new Russian government will be met by the United States with political, financial and moral support of the new

ARGENTINA SWEEP BY WAR SENTIMENT

Anti-German Feeling Expressed Following News of Sinking of Vessel by Submarine

LIKELY TO FOLLOW BRAZIL

(U. P. Staff Correspondent.)

Buenos Aires, April 14.—With the Brazilian government on the verge of war with Germany after the diplomatic rupture and with Bolivia's diplomatic relations severed with Berlin, Argentina was swept by anti-German sentiment today. This probably will result in a diplomatic break between Buenos Aires and Berlin.

Excitement followed the news of the sinking of an Argentine sailing vessel by a submarine. Prediction by responsible officials was that Argentina would follow Brazil's example in handing the German minister his passports.

The point was raised that while the vessel was registered as an Argentine ship she was really Brazilian and Italian. Her crew was composed of Norwegians.

The German minister held a brief conference with the President of Argentina today and later stated, "Germany and Argentina are at perfect peace."

Taking advantage of the threatened food shortage throughout the world and the demand upon American farmers to feed the United States and her allies, the dries in congress are preparing to launch a great campaign for prohibition.

It is intended to stop the manufacture of liquors and beers during the war, thereby diverting millions of bushels of grain into food channels.

MEETINGS IN ALL TOWNSHIPS, PLAN

Crop Committee Probably Will Employ This Method in Campaign of Education in County

CORN ACREAGE INCREASED

Sentiment Expressed at Meeting Indicates Larger Food Crops Will be Result

Township meetings in all the townships of the county will probably be held next week to interest the farmers in the bigger and better crop movement inaugurated since this country entered the war against Germany. At a meeting of the executive committee and the township chairmen of the organization perfected last Saturday, held today with County Superintendent G. M. George these meetings were discussed as a method to explain the movement more fully to the farmers.

It was generally agreed at the meeting today that most of the farmers of the county had their plans for this year's corn crop all laid and that the increased acreage would be very small as a majority had already planned to plant more than in former years. Other matters equally as important were discussed, such as the moving of this year's wheat crop.

The movement for larger and better food crops will likely lead to more gardens and the growing of more potatoes, from the sentiment expressed at the meeting. Many people with vacant lots are planning to plant or have already planted them in potatoes. Prices were quoted from wholesalers on seed potatoes in car load lots and it may be that several car loads will be ordered and then distributed among the farmers. Nothing definite had been decided on at the meeting late this afternoon.

With indications pointing to a good wheat crop, the farmers are facing a serious problem of moving the grain. An elevator man told the meeting that this problem would be serious because of the inability to secure cars. He stated that most landlord farmers had their own granaries and could take care of their crops, but the tenant farmers usually sold the wheat to the elevators directly from the threshing machine and as the capacity of the elevators was limited the question would be what to do with the grain.

As a solution to this, the elevator man suggested that the elevators of the county qualify under the public service commission and operate storage houses, filling their elevators to the limit and then issue warehouse receipts to the tenant farmers. These receipts would be good at the bank and in this manner the farmer would get a return on his crop immediately.

Ernest B. Thomas addressed the meeting briefly, stating that the sentiment prevailed in Washington that this war was going to be won on the farm. He urged the farmers to cooperate. Mr. Thomas pointed out the disorganized condition of the army at present and showed the farmers that they should be ready

GERMAN SAILORS MUST WORK

Employment Will be Found for The Interned Men Here

Washington, April 14.—Members of the crews of German ships seized by this government after war was declared on Germany, will be put to work, it was officially stated today. If war comes with Austria her sailors will also not be allowed to remain idle. A total of 1,966 men will be affected and a survey is being made to find places suitable for their employment.

TERM OF COURT TO CLOSE IN ONE WEEK

After Vacation of One Week, May Term Will Open on May 7—Divorce Suits Heard Today

ONE IS UNDER ADVISEMENT

Judge Sparks Grants Decree to Glendora Hoffman From John Hoffman—Other Business

Judge Sparks heard two divorce suits this morning, granting one and taking the other under advisement. Glendora Hoffman was given a divorce from John Hoffman and her maiden name of Glendora Holmes was restored. The defendant defaulted.

The other case heard was that of Neta Vannatta against Carl Vannatta. They were married March 2, 1916 and separated after living together some months. Vannatta opposed the granting of a divorce.

Mrs. Vannatta, who is a daughter of Mr. and Mrs. Lewis Bever is but eighteen years old. She charged cruel and inhuman treatment and failure to provide. In the complaint she asks \$500 alimony. In the testimony it was brought out that the young couple lived with her parents during their married life and never went to housekeeping.

The present term of court will end two weeks from today, April 28 and after one week's vacation the May term will open, starting May 7. Judge Springer of Connersville will occupy the bench here Monday and will hear several arguments in cases in which he is acting as special judge.

The case of the Star Taxi Company of Dubuque, Iowa, against John Carr will not be tried here, as a motion for a change of venue was granted. The county to which the case will be sent has not been named by the court. The suit is on an account in which \$675 is demanded.

The case of the Rushville National bank against Charles E. Ellison, Julia Ellison and Will L. Brown, was dismissed and the costs paid.

The case of Chestina Mauzy against the estate of the late Richmond Wilson on a judgment was dismissed and the costs paid.

The Rude Manufacturing company was given a judgment for \$313 on an account against John Patton and Curtis Thrall.

Reports Read at Annual Stockholders Meeting Disclose Prosperous Year Enjoyed

DIRECTORS ARE RE-ELECTED

After Paying \$10,000 on Debt and Adding \$4,088.56 to Plant, Income is \$15,088.56

The Rushville Co-operative Telephone company enjoyed the best year of its history last year as shown by the annual reports submitted at the stockholders meeting last night. After paying \$10,000 on the indebtedness and adding \$4,088.56 to the value of the plant in permanent improvements, the total income above operating expenses was \$15,088.56.

The three directors whose time expired were re-elected without opposition. They were Robert L. Tompkins, Frank M. Capp and John H. Frazier. The term is for a period of two years. Other directors, holdovers are Dr. W. S. Coleman, J. M. Amos, W. A. Jones and R. F. Sender. This board will meet within a week and organize for the year.

The indebtedness of the company is now \$9,000 and this will be paid off before January 1, unless something unforeseen arises. A total of \$10,000 was applied to the debt of \$19,000. The company has followed a policy of putting the surplus back in the plant for permanent improvements. The company has never paid a dividend and probably never will as it was not organized for this purpose. It is likely that during the coming year additional improvements will be made and in time it is hoped to make the local plant the best in the state.

There was a net gain of 74 telephones during the year. At the close of business on April 1 the company had a total of 1,823 telephones in operation. This includes those of the Milroy plant which is a part of the local system. Last year the company had 1,749 phones in service. About 1,300 of this total is in the city of Rushville.

The receipts for the year showed a gain of \$1,395.25 over last year, while the operating expenses decreased \$412.48. The total net receipts of the company amounted to \$37,015. The largest item in the receipts was received from telephone rentals, which amounted to \$28,586.67. The receipts were as follows: telephone rentals, \$28,586.67; tolls, \$7,537.38; moving telephones, \$105.50; office rent, \$232.32; special tax, \$132.19; miscellaneous sales, \$429.94.

The disbursements are divided into four classes. The operating expenses were \$14,003.79; cost to plant and equipment, \$4,088.56; materials and supplies, \$1,722.04 and miscellaneous expenses, including \$10,000 paid on the debt, amounting to \$16,090.83. From this account it is seen the total disbursements for the year were \$36,805.21. These figures are from the reports of M. V. Spivey, secretary and George H. Davis, manager.

An auditing committee composed of Fred A. Caldwell, A. L. Winship and H. G. Hackman was appointed to audit the reports.

Pres. Charles L. Henry, Judge W. M. Sparks, John D. Megee, J. H. Kiplinger, A. B. Irvin to Speak

MAYOR C. L. BEBOUT CHAIRMAN

Odd Fellow Band and Glove Co. Girls Chorus to Provide Music—Ministers to Participate

If the prognosticator who controls the destinies of the weather in Rushville is inclined to be fair, employees of the J. & C. power house and car barns and the Rushville Glove company are expecting to entertain between two and three thousand people Sunday afternoon at two-thirty o'clock at the joint ceremony incident to the triple flag-raising.

The formal program was announced today and discloses that men of prominence in the community will have a part. Such men as President Charles L. Henry of the J. & C., Judge Will M. Sparks, John D. Megee, President A. B. Irvin of the glove company, J. H. Kiplinger, Mayor C. L. Bebout and the ministers of the city will participate.

Although special invitations have been issued to the employees of all of the factories in the city, no person is excluded. A general invitation for every one in Rushville and Rush county who can come to be present. Notices have been posted in all of the factories of the flag-raising and a special invitation to the school children was read in the city schools yesterday.

The girls from the glove company who will raise the flags are as follows: Mildred Madden and Laura Jordin, the car barns flag; Beatrice Wilson and Esther Waggoner, the power house; Freda Warfield and Leila Cross, the glove company.

The flag poles have all been erected in preparation for the joint ceremony. The pole on the glove company building is twenty-five feet high and those on the J. & C. car barns and power house are forty-five feet in length. A platform will be raised near the glove company building in Julian street just east of Third street. There is ample room there to accommodate a crowd of several thousand people. The Odd Fellows band will also have a part in the program, the audience will sing patriotic songs and a chorus of girls from the glove company will sing. The program will be as follows:

Meeting will be called to order by S. C. Waggoner.

Opening Song—"America"—Entire Audience.

\$100.00 REWARD.

\$100.00 in gold will be paid to whoever suggests this name that the judges select as the one best suited for our new remedy, the wonder tonic Tablet.

This formula has now been completed. It has been passed upon and pronounced good by prominent authorities. It is the last word in a remedy that builds, rejuvenates, invigorates the pale, the tired, the listless.

It is all ready—but the name.

We want the public to name this new wonder remedy and will give \$100.00 for that name.

Send in your suggestions—as many or as few as you like. The selection will be made by a board of five competent men whose decision shall be final and irrevocable and everyone who submits any suggestions thereby agrees to accept and abide by the decision of the Board of Judges.

Contest is open to all excepting the employees of this Company. There are no conditions, no restrictions nor entrance fee.

Send in your suggestions promptly. Every suggestion will be numbered in the order of its receipt. Contest closes May 1, 1917.

Mail all suggestions to the Board of Judges, Care of The Santanel Remedies Co., Masonic Temple, Cincinnati, Ohio.

A Few Timely Hints for Home Gardner to Follow

Department of Agriculture Horticulturists Outline Principles for Making a Success of the Home Vegetable Patch.

XIV. PLANTING VEGETABLES FOR WINTER USE.

There are a number of vegetables which, though grown in the summer, are usually planted for use in the following winter. An adequate supply of these produced in the home garden will do much to make the family's winter fare more attractive and more economical. Among garden products of this type may be named cabbage, carrots, parsnips, turnips, and rutabagas.

Both early and late varieties of cabbage are grown extensively. In the North early cabbage may be planted in the hotbed during February and transplanted to the open ground as soon as the soil is ready to be worked. For a late crop it is customary to plant the seeds in a bed in the open ground in May or June and transplant them to the garden in July. For cabbage of this character the soil should be heavier and more retentive of moisture than for early cabbage, which requires a rich, warm soil in order to reach maturity quickly. For the late variety it is not desirable to have too rich a soil, as the heads are liable to burst. Cabbages should be set in rows 30 to 36 inches apart; the plants standing 14 to 18 inches apart in the row.

To store cabbage the heads should be buried in pits or placed in cellars. One method is to dig a trench about 18 inches deep and 3 feet wide and set the cabbage upright with the heads close together, and the roots embedded in the soil. When cold weather comes the heads are covered lightly with straw and 3 or 4 inches of earth put in. Slight freezing does not injure cabbage, but it should not be subjected to repeated freezing and thawing. Early cabbage can not be kept, as it does not stand hot weather well. It should be used soon after it has formed a solid head.

Caiflower is cultivated in much the same way as cabbage, but when the heads begin to develop the leaves may be tied over them in order to exclude the light and keep the heads white. Caiflower requires a rich, moist soil and thrives best under irrigation. The tender heads of this vegetable are boiled with butter or cream, and also used for pickling.

The roots of the parsnips are dug late in the fall and stored in cellars or pits, much as cabbage is, or else are allowed to remain where they

are grown and are dug as required for use. All roots not dug during the winter, however, should be removed from the garden, as they will produce seed the second season and become of a weedy nature. When the parsnips have been allowed to run wild in this way the root is considered to be poisonous.

The seeds of parsnips should be sown as early as convenient in the spring in rows 18 inches to 3 feet apart. The plants should later be thinned to stand 3 inches apart in the row. A rich soil with frequent cultivation is necessary for success with this crop. The roots are boiled until tender and then cut in slices and browned in butter or roasted with meat in the same way that potatoes are.

Carrots are cultivated in practically the same way as the parsnips, but are not thinned so much and are allowed to grow almost as thickly as planted. Those not used during the summer are dug in the autumn and stored in the same manner as parsnips or turnips. If there is a surplus it may be fed sparingly to horses and mules or cattle.

Turnips are used largely in combination with potatoes, cabbage, and meat in boiled dishes. They are also mashed like potatoes and are a desirable addition to the ordinary winter fare. They require a rich soil and may be grown either as an early or late crop. For a late crop it is customary to sow the seed broadcast on land from which some early crop has been removed. In the North this is generally done during July or August, but the usual time is later in the South. The plants are quite hardy and the roots need not be gathered until after several frosts. They may then be stored in a cellar or buried in a pit outside. Before storing, the tops should be removed. If an early crop is desired the seed should be sown in drills 12 to 18 inches apart as early in the spring as the condition of the soil will permit. After plants appear they are thinned to about 3 inches. Two pounds of seed are required to plant an acre.

The rutabaga is quite similar to the turnip and is grown in much the same way. It requires more space, however, and a longer period for its growth. It is used to a considerable extent for stock feed and has the advantage of being quite hardy.

TO BE HELD IN CONNERSVILLE

Dates were selected for the annual convention of the Sixth District of Indiana Federation of Clubs, to be held at Connersville, at a meeting of district officers yesterday afternoon at the home here of Mrs. Guy Abercrombie, district chairman.

The convention will be held at the Methodist church in Connersville on Thursday and Friday, May 17 and 18. It was announced that the main address on the program would be made by Mrs. Julia Strauss of Rockville, Ind., known all over Indiana as "The Country Contributor." She will speak on Thursday evening.

Besides Mrs. Abercrombie, the other officers who attended the meeting here yesterday were: Mrs. Ben DeHaven, Fayette county chairman of federated clubs; Mrs. Ben Cole, district chairman of the committee on music, and Mrs. Willard Peiro of Cambridge City, secretary treasurer of the district federation.

Amusements

The Gem offers the usual program for tonight with a varied bill. The first is a comedy "A Limburger Cyclone." "The Wrong Mary Wright" is the title of the second and the last is a drama "Behind Life's Stage." Another little Mary Sunshine picture, starring Baby Marie Osborne will be shown at the Gem Monday. She was the star of those famous pictures "Little Mary Sunshine" and "Shadows." There is a delightful little scene at the beginning of "Joy and the Dragon." Some fishermen find a wee youngster lashed on a frail raft at the mercy of the wind and waves, the sole survivor of a ship that hit a mine. "My name is Joy," she tells them, "My papa fell in with the fishes and ain't come back yet."

The Lyric will show the two reel drama "The Dreamer" for the first picture of the Saturday night program. Edward Coxen is featured and it is said to be a fascinating rural drama. The second picture is a western drama, "Sandy, Reformer." The last is a comedy entitled "Bungling Bill's Dress Suit." Ben Turpin is featured. Monday the five act feature "Rip Van Winkle" will be shown.

"The Jungle Child" is the title of the first picture at the Princess tonight. Dorothy Dalton and Howard Hickman are featured. It is said to be a wonderful story of Brazilian forests and New York City. In addition to this the two reel comedy featuring Fatty Arbuckle and Mabel Normand "Fatty and Mabel Adrift" will be shown.

TOWN OF LENS IS SET ON FIRE

By WILLIAM PHILIP SIMMS
(U. P. Staff Correspondent)

With the British Armies, April 14—Another mile of the Hindenburg line was taken by the British today. Lens, the most important of France's coal cities is likely to be captured at any moment. British are encircling it on two sides.

The city was afire today and it was known the Germans intended to sack and destroy the town.

German resistance is growing more desperate each day. British forces were steadily gaining command of all high ground villages.

RUNAWAY FARM TEAM DAMAGES AUTOMOBILE

Horses Belonging to James Morris Drive Wagon Tongue Through Jacob Meyer's Machine

ONE HORSE DRAGGED 30 FEET

A new automobile belonging to Jacob Meyer of Falmouth was badly damaged at noon today when a runaway team, owned by James Morris, living north of the city, crashed into it. The machine was parked in Main street in front of the Charles Moore barber shop. The team started to run near the Caldwell livery barn in South Main street. One of the horses fell and this pulled the wagon over to the side of the street, the tongue hitting the back part of the auto and going through the body.

The force of the collision forced the auto up over the curbstone and the front of the machine was just ready to crash into the front door of the Comella shoe repair shop. The horse that fell was dragged for a distance of thirty feet and it appeared certain it would be killed but both horses escaped without a scratch. The hole in the body of the machine, just under the rear seat, was several inches in diameter. In addition to this the rear light and tire rack were broken. There was no one in the machine at the time of the accident.

Hugh Mauzy has purchased property at 1115 North Perkins street of Cary Jackson for \$4,500. Mr. and Mrs. Mauzy and family will move from their present home at Morgan and Fifth streets the first of next month.

HARRIET HARCOURT DIES AT SON'S HOME

Widow of James Harcourt Expires This Morning in Orange Township of Complications

SEVEN CHILDREN SURVIVE

Mrs. Harriet Harcourt, age eighty-five years, widow of James Harcourt, died at 1:30 o'clock this morning at the home of her son, Ira Harcourt, in Orange township, four miles west of Milroy, from a complication of diseases.

Mrs. Harcourt was eighty-five years old Thursday. Her husband has been dead several years. He was famed in this section of the state as an inventor, having perfected a wheat drill, washing machine and other devices. He had a factory on his farm and made money by his natural ability as a mechanic.

Mrs. Harcourt is survived by seven children as follows: Ira, Alonzo and Mrs. John Hungerford of Orange township, Ed and Wilbur T. of Milroy, Luther of Foleyville, south of Milroy and Mrs. John Hardwick of Rushville. Another daughter died many years ago.

I am for freedom everywhere.
—Abraham Lincoln.

One by one our delusions are shattered. We used to hear the sage advice of the economist tell us to "eat dried apples for breakfast, drink water for dinner, and swell up for supper." But the impossibility of any economy in the menu can be seen when we remember that apples are expensive. Economy! Fortunately the fellow who coined that word is dead, and has no means of knowing what a delusion it is today.

We note, though, that some people who get out on the streets and bellow the loudest for civic improvement are the ones who could best put in their time cleaning up their own back yards. We do not want to disparage the preaching of civic improvement—far from it. But we do want to advocate practicing before preaching. The indolent and indifferent man sits in his own rubbish and tells his neighbor what to do, while the energetic and prideful man goes ahead and does it and thinks in his mind what a worthless cuss the constitutionally "tired" one is. By the law of human nature you must be one or the other.

To Lessen Tuberculosis

Remarkable progress in county tuberculosis sanatorium provision is shown in the most recent statement of the New York State Charities Aid Association. In the ten year period since the tuberculosis campaign began thirty-three counties—exclusive of the metropolis—have hospitals, which have been either established or authorized by referendum or favorable action of public boards. Exclusive of New York City, the counties maintaining provision for their tuberculous citizens, contain 81.3 per cent of the population of the state. The remaining twenty-four counties have no hospital provision available or authorized. Twenty-seven hospitals are in operation and twelve more authorized and in these are 1,799 beds now in use and 1,279 more authorized, making in all 3,078 beds where but 154 beds were available in 1907.

Legislation similar to the referendum law under which New York is spreading sanatorium provision having been passed by the Indiana Legislature in 1917, we may soon see a similar extension of sanatorium provision in this state. It is as often said, each case of tuberculosis treated at home averages to make three new cases by infection before recovery or death, the anticipated widening of sanatorium service will result in a material lessening of the disease in Indiana.

BANISHED AUTHOR MAY NOW RETURN

Amphitretov, Noted Russian Novelist, Who Violated Censorship, Can go Back.

WROTE ARTICLE FOR PAPER

(By United Press.)
London, April 14.—Amphitretov, well known Russian novelist, who was banished from Russia and who now may go back for violating the censorship by writing an article for the Russkaya Volya, to get the meaning of which the reader had to take the first letter of each word and set them together, showed a copy of it here today. It read thus: "It is absolutely impossible to write about anything. The censorship is playing a monstrously unfair game. The state of affairs is more deplorable than it was thirty years ago. They even block out the fables of Krylov. I apologize, my readers, for having with my gray head to have recourse to such a way of getting in touch with you. Protopopoff has fettered our press."

WOMEN RECRUITS ASKING QUESTIONS

Desire Certain Things Answered Before They Are Willing to go To The Front.

SOME EVEN OBJECT TO KHAKI

(By United Press.)
London, April 14.—The thirty thousand English women who have volunteered for active service at the fighting front with the men troops are asking some embarrassing questions of the Adjutant General's department.

Style and comfort figure in the list. They don't know whether khaki is becoming enough. Some of them want soldiers' caps instead of hats. They wonder whether the women soldiers must salute the men officers. And they want to know whether they may smoke and whether the regular tobacco ration will be given them, like the men.

How late they may stay out of barracks at night, whether they must bob their hair, clean their own boots and do or not do a dozen other things are questions to which the women want an answer.

TO SEIZE ALL RAILROADS

Bill Gives President Control Of Phone and Telegraph Co's.

(By United Press.)

Washington, April 14.—Chairman Adamson of the house interstate commerce commission has introduced a bill giving the president power to seize all railroads, telegraph and telephone companies in time of war and to draft employees of the company for military service. The bill has been approved by the president. Under the bill the interstate commerce commission is enlarged to eleven members. A heavy penalty is named for interference with United States mails in time of war or for interference with interstate commerce—particularly railroad freight.

11 CITIES REPRESENTED

Ft. Wayne, Ind., April 14.—Eleven cities are represented in the entries for the state bowling tournament which opened here today. Ninety-one teams were entered from this city. Other cities represented and the number of teams which they will send are: Indianapolis, twenty-four; South Bend, eleven; Terre Haute, ten; Kokomo, six; Gary, six; Mishawaka, six; Richmond, two; Lagoneer, two; Decatur, one; Michigan City, one.

TO DESTROY WATER SUPPLY

Cincinnati, April 11.—A plot to destroy the Cincinnati water supply was foisted by A. C. Gifford, when he fired in three times from a machine gun at the main intake which carries the city water from Ohio river. The men returned to their homes. It is believed that

What America Will Do To Help Beat Germany

The die is cast. The American people take up the gage of battle which has been forced upon them by the German Government, and will go into the war "up to the hilt" to defend American rights on land and sea, and the fundamental principles of democracy.

It will be no purely defensive war upon which America embarks, for President Wilson in his message to Congress called upon the country "to exert all its power and all its resources to bring the Government of the German Empire to terms and end the war" because "the world must be made safe for democracy."

In THE LITERARY DIGEST for April 14th, public opinion as to the practical steps which should be taken is shown. The submarine peril is one of the first, and perhaps the most important, problems to be overcome. On this subject, press writers in London and Washington tell of plans already made for cooperation between the American and Allied navies. The various view-points upon universal military service, the dispatch of troops to Europe, an agreement with Great Britain, France, Russia, and Japan, for no separate peace, three steps advocated by the Chicago Tribune, are advanced, and arguments for and against them are presented, in addition to other plans.

Other significant phases of the world's news are also shown under these headings:

A World-Tour In An Observation-Car

Those of us who have traveled to any extent are familiar with that luxury of the tourist, the observation-car. It enables the voyager to obtain a clear view of all parts of the landscape through which he is passing. Its windows open impartially upon every side; it affords a panorama of the country to right and left, of the pass ahead and of the long trail winding out behind. It shows you mountain and plain, river and sea, green fields and smoky towns, and you are free to decide which of all these

you prefer. There is no compulsion, no touting. Your judgment is completely uninfluenced. Through the world of events THE LITERARY DIGEST travels in precisely the same manner, giving its readers an unbiased view of all questions, all ideas, all diversities of thought. Here, as in the observation-car, you are free to decide upon your likings. There is no attempt to persuade or convince you. You are simply given a broad view of the facts. The decision rests solely with yourself.

"THE WHOLE TRUTH"

Says Mrs. Eads, in Writing Her Praise For Cardui.

Circleville, Ohio.—"All I have said about Cardui, the woman's tonic, is the whole truth," says Mrs. Fannie Eads, of R. F. D. No. 6, this town. "I suffered with womanly weakness, and pains in my back and limbs for two long years. I was so bad off, I could hardly walk at all. My husband advised me to try Cardui, the woman's tonic, and I concluded to follow his advice. After taking Cardui according to directions, I now feel like a new woman, and can do all of my work. Before taking Cardui, I was a walking skeleton, now I weigh 150 pounds. I recommend Cardui to every suffering woman, for I know what it did for me. My dresser is never without a bottle of Cardui on it."

There is no reason why Cardui won't help you, just as it has Mrs. Eads, as well as hundreds of thousands of other women in the past 50 years. So if you suffer from any of the many ailments so common to women, or need a good strengthening tonic for your tired nervous system, get a bottle of Cardui today.

United Doctors Specialist
Will Again Be At
Rushville, Indiana
Windsor Hotel
Tuesday, April 17,
ONE DAY ONLY
HOURS 9:00 A. M. to 6 P. M.
Remarkable Success of Talented Physician in the Treatment of Chronic Diseases.
Offer Services Free of Charge

The United Doctors Specialist, licensed by the State of Indiana, for the treatment of all diseases, including deformities, nervous and chronic diseases of men, women and children, offer to all men who call on this trip, consultation, examination, advice free, making no charge whatever, except the actual cost of treatment. All that is asked in return for these valuable services is that every person treated will state the result obtained to their friends and thus prove to the sick and afflicted in every city and locality, that at last treatments have been discovered that are reasonably sure and certain in their effect.

The United Doctors are experts in the treatment of chronic diseases and so great and wonderful have been their results that in many cases it is hard to find the dividing line between skill and miracle.

Diseases of the stomach, intestines, liver, blood, skin, nerves, heart, spleen, rheumatism, sciatica, tapeworm, leg ulcers, weak lungs and those afflicted with long-standing, deep seated, chronic diseases, that have baffled the skill of the family physician, should not fail to call. Deafness often has been cured in sixty days.

According to their system no more operation for appendicitis, gall stones, tumors, goiter, piles, etc., as all cases accepted will be treated without operation or hypodermic injection, as they were among the first in America to earn the name of "Bloodless Surgeons," by doing away with the knife with blood and with all pain in the successful treatment of these dangerous ailments.

No matter what your ailment may be, no matter what others may have told you, no matter what experience you may have had with other physicians, it will be to your advantage to see them at once. Have it forever settled in your mind. If your case is incurable they will give you such advice as may relieve and stay the disease. Do not put off this duty you owe yourself or friends or relatives who are suffering because of your sickness, as a visit at this time may help you.

Worn-out and run-down men or women, no matter what your ailment may be, call, it costs you nothing.

LAW ENFORCED IN STRANGE WAY

Fight Promoters in Cuba "Put" It
Over on the Mayor by Use
of Fake Letters.

GOVERNMENT OFFICERS USED

Argued Down Police and Then
Used. Telephone—Discovered
Trick Next Day.

BY H. C. HAMILTON,
(U. S. Staff Correspondent)

New York, April 14.—A story of how the Cuban secretary of the interior, all unconscious of it, helped a bunch of Cuban fight fans out of a hole, was brought here recently by a traveller from Havana. The fight was staged in Havana over the protests of the mayor and the chief of police, much to the satisfaction of the promoters—and to the extreme chagrin of the secretary, who found out about it later.

The fight was advertised to take place, the hall was packed, the cigarettes were going big and the Cubans were happy. Just as the announcer was telling his audience what a fine pair of scrappers the two antagonists were, and how the fur was going to fly in clumped a sergeant and ten toy soldiers, designated police.

Down the aisle they marched in precise military formation and were brought to an abrupt halt at ring-side by the sergeant, who, with a flourish, informed the audience and the promoters that, by order of the mayor, no fight was to be held.

"But I have the authorization of the secretary of the interior to hold this fight," the promoter protested.

"Can't help it," replied the sergeant. "Orders are orders and I work for the mayor. Clear out."

The debate grew and the words were flying fast.

"Suppose I should show you a letter from the secretary of the interior. You know his signature, don't you?"

And the promoter produced his letter.

"That's his signature alright," replied the policeman, "but the fight can't go on."

"If I should get the secretary on the telephone and he should tell you to allow the fight to proceed would you change your mind?"

This was agreed to and someone rang up the secretary who informed the policeman that the fight must be held.

The policeman made his apologies, bowed very low a lot of times and he and his men took front seats and watched the show.

Next day it was found the secretary was out of town.

BUY AUTOS FOR USE IN BIG CAMPAIGN

Farmers of Minnesota Order 100
and Will Start Work at Once
Organizing State.

TO CONTROL LEGISLATURE

(By United Press.)

St. Paul, Minn., April 13.—One hundred autos were purchased by the National Non-Partisan League here today for use in what probably will be the greatest and the hottest farmers political campaign ever waged in Minnesota.

The cars will be delivered within a few days and with these and many others owned by the league, each manned by a non-partisan league organizer, every farmer in the state will be visited.

The league plans to organize the state as completely as the North Dakota farmers were organized when they captured the legislature last year.

"By the time the next political campaign arrives the league will have as members 95 per cent of the farmers of Minnesota," said C. C. Townley, president of the league, here today.

LOOKS READY FOR HIS BEST SEASON

Benny Kauff, Late of the Feds, Ap-
pears to be in Shape to Set
Mark for Himself

LEARNED MUCH IN ONE YEAR

When he First Started in National
League he Would Swing at
Anything

By H. C. HAMILTON
(U. S. Staff Correspondent)

New York, April 14.—If reports from pre-season contests in which the Giants participated are worth anything Benny Kauff, the blushing violet of the Federal league, stands a fine chance of enjoying the best season of his career this summer.

Kauff, the box scores show, hit the ball on the nose with startling regularity and firmness, and the box scores also showed that he occasionally drew a base on balls instead of swinging wildly at the bad ones.

When the season ended last Fall, Kauff was showing some of the stuff that made him a king of batters in the old Gilmore circuit. He was whaling away at the horseshoe in a manner that would have soon boosted his batting average to very near the .300 class. It was the result of close study by Benny and some close tutoring by John McGraw. Kauff had been told he couldn't swing in the general direction of a National league baseball and slam it out of the lot.

When Benny entered the circuit presided over by John K. Tener it became a standing joke that he would take a smash at anything, sincere and certain in the belief that a baseball couldn't be thrown past him very often. It was a fact. He was so eager to hit that he would swing at anything.

That's all changed now. Benny has learned to wait and get the good ones. And when he connects it means something, for there are few batters in either big league with the driving power that is contained in his stock frame.

It's partly Ty Cobb's fault that Benny is making such marks for himself, the reports say. Benny grew almost green with jealousy when he was thrown into a series against the Georgian, and when Ty attacked Buck Herzog, with whom Benny rooms, his desire to eclipse the famous Tiger knew no bounds. He out-Cobbed Cobb in some of those games, punching the ball around for base hits and turning in fielding plays that were sensational.

With his ambition, powerful arms, and natural ability to hit there is no reason why Kauff shouldn't take his place among batting leaders of the National league. And, it is proper to remark that Benny has learned to wear a heavy batting average without danger of it running over.

SERVES OUT TIME FOR BURNING FLAG

Bouck White, Self Styled Anti-Pa-
triot, Completes Term in New
York Jail.

SAYS HE IS A GOOD CITIZEN

(By United Press.)

New York, April 14.—Bouck White, the self styled anti-patriot, grumpy-garbed pastor of the church of the social revolution who was convicted of burning the Stars and Stripes in a melting pot with other flags here some weeks ago, will get out of jail after serving 30 days there, today.

In sentencing White Judge McIntyre said he was sorry the sentence was not for 30 years. White replied the judge had never had a more unrepentant sinner at his bar. He said the flag burning was symbolic of his "internationalism," he was "a good citizen of the world but a poor patriot of any country."

Whether White will subside since the international situation has become what it has, is not known. The police, however, will watch him.

PLANS TO CHANGE THE RAILROAD MAP

Allied Railway Commission Already Figuring on Changing Several Routes

NOW STUDYING SITUATION

(By United Press.)

Rome, April 13.—Allied railroad commissions today are preparing to redraw Europe's railroad map. They are already planning the destruction of the allied dependence on the German lines in the "war after the war."

For example, a proposed railroad connects Bordeaux with Odessa, avoiding Middle Europe and passing through Turin and the Italian-to-be Triest. Other lines, perfecting the development of allied territory, are also in prospect.

French and English railroad officials are now in Italy, studying the situation with allied officials. The commissioners are making a careful tour of investigation throughout the allied countries, it is said, and work on the contemplated lines will be rushed to completion, as soon as the war ends.

HOOSIER PESTS.

BY R. E. SNODGRASS.
(Written for United Press.)

The time has come when we will need all of the products our land can produce. No longer can we afford to feed a host of insect enemies and be content to harvest for ourselves what they leave. It is imperative that we wage effective warfare against the Hessian fly, the corn-eat worm, the corn-root aphid, the cut-worms, the cabbage worms, tomato worm, cucumber beetle, potato beetle and all the others whose work of destruction annually amounts to millions of dollars worth of agricultural products.

City people who are enthusiastic now over the prospect of gardening on vacant lots, must not think all they have to do is to consign the seed to nature and reap the harvest in due season. An army of insects is already entrenched within our borders and the toll that they will levy on our gardens will be appalling unless we take proper steps to check them.

Prepare now. Nothing but efficient fighting throughout the season will produce results.

Our enemies are well armed. Some eat plants outright, others pierce the tissues and suck out the vital juices. Arsenate of lead is the best remedy for the first division, nicotine sulphate is the best destroyer for the second. In case you need special information—and you probably will—communicate with the office of the State Entomologist in the state house.

We know how to control most of the injurious insects, though effective measures of fighting some of them have not yet been devised.

Signatures.

The signature is something a man writes at the end of his letters so nobody will know who they're from.

Some business men who are really interested in knowing who writes to them, employ signature ferrets. That is, bright young men who take the wild signature chase it to its lair, lash it into a fury and force it to divulge its identity.

Then there are other methods. Sometimes the ferret is able to nail a signature's owner by comparing it with the printed list of directors, or managers (or something like that) printed at the top of the letterhead. But this is not often possible.

Some folks have signatures and others write their names.

Dyspepsia

is one of the most prevalent of diseases. It can be easily gotten rid of by the right use of the proper remedy.

Serum Station....

The Swine Breeders Pure Serum Company of Thorntown, Indiana, has established a Serum Station at Rushville for the benefit of their stockholders and also the farmers of this part of the State who want to use a high class serum.

We sell direct to the farmer and guarantee him the best, pure, potent serum and virus that can be obtained anywhere. This serum is strictly trot blood serum, obtained by killing the hog outright and this is the only plant in the country using this method.

The company has arranged to keep serum on hand at Kerner's Cold Storage Plant, and anyone wanting serum can get it anytime. We are prepared to answer calls for vaccination at all times and have an office with the Nipp Insurance Company over the Rushville National Bank.

A LITTLE ADVICE TO MEN

MEN WHO ARE GETTING OLD BEFORE THEY ARE HALF WAY THROUGH LIFE SHOULD READ THIS AND TAKE HEED.

There is a serious ailment that affects men. Man should be at his best when forty, but many, through carelessness, fast eating, fast living and little thought of the consequences, are old and worn out at that age. They eat, but get no benefit; they sleep, but get no rest; they work, but get nothing done.

This ailment is easily and quickly overcome. Thousands upon thousands are being benefited through a systematic treatment, which, once started, brings back that which means so much to man who enjoys eating, who enjoys work, who enjoys everything that makes for happiness.

This systematic treatment restores energy, vitality and strength. It takes man back to youthful vigor; it makes him 100 per cent efficient and makes life a happy occasion.

Pepsinco is the name of this treatment. Pepsinco digests perfectly all that is eaten. Once you take care of the food as it enters the stomach, you will be on the way to proper body condition. Pepsinco prevents sour stomach, indigestion, bloating, sick headache, biliousness and all troubles due to a faulty digestion.

Don't wait till your condition is beyond hope—don't wait till it is chronic. Start this treatment now—today. In a few days you will realize the value of the proper digestion of food. Any druggist will let you have a small amount of this wonderful aid to digestion, and once you start using Pepsinco all stomach worries will cease, and youthful vigor will take the place of premature old age.

FAVORS AMENDMENT TO EXEMPT A CLASS

Rep. Comstock Would Not Compel Those With Scruples Against War to Bear Arms

A CONCESSION TO FRIENDS

Washington, April 14.—Representative D. W. Comstock, of the Sixth Indiana congressional district, has received numerous requests from members of the religious denomination of Friends, and others, asking that he support an amendment providing for the exemption of those having conscientious scruples against war, to the universal military training bill, which failed to pass in the last congress and which, will be brought up again in the house, soon.

To inquiries Representative Comstock has indicated his intention to support an amendment making such exemption.

Evidence of the patriotic attitude of many leading Friends is apparent, Representative Comstock says, from their expressed willingness to be of service to the nation in the present international crisis, in ways other than bearing arms.

Miss Ruth Moore of Coon's Corner is working at the home of Roscoe Lefforge.

Several from this community attended the funeral of Henry Grimes Tuesday.

Mr. and Mrs. Al Newbold of Milroy were the guests of Mr. and Mrs. John Ryan and family at dinner last Sunday.

Elmer M. Ryan has been suffering from a slight illness.

INFORMAL FEELERS TO SEE THE EFFECT

Austria and Bulgaria Want to Know What Will be Expected of Them in Case of Peace

SOME ARE TIRING OF THE WAR

(By United Press.)
Washington, April 14.—Informal peace feelers now being launched by Austria and Bulgaria in Switzerland are to determine what would be expected of these two countries if a formal peace move were put forth, it was stated today.

Officials attached to the Bulgarian legation admitted that reports of peace moves are probably true. One thing that gave strength to the report, these officers said, was the fact that the rumors were now coming from all quarters.

They attribute the peace moves as coming from a discontented class who are tiring of the war. The belief was expressed that if Bulgaria sues for a separate peace, Turkey will follow suit.

CONSPIRACY IS ALLEGED

Americans Accused of Conspiring to Ship Munitions to Mexico

(By United Press.)

El Paso, Tex., April 14.—The federal grand jury has returned indictments, charging conspiracy to ship munitions into Mexico, against Vincent B. Andreas, wealthy cattleman, and Bernard Schuster, El Paso business man.

Four others, all German subjects were indicted on charges of conspiring with the Mexican army in an attempt to induce them to make raids on the United States.

LEAVES FOR COAST TO MARRY MRS. WISE

Jack Wewee Tells Friends Before Departing That She Wrote Him a Ticket to Come

WOMAN ONCE TRIED SUICIDE

Jack Wewee told friends yesterday that he was leaving for California where he would be married to Mrs. Margaret Wise, formerly of this city, who attained some notoriety a few months ago when she attempted to commit suicide by drinking chloform. She was despondent then, she said, because Wewee had been paying attention to another woman.

Wewee said just before departing at 10:50 a. m. Friday that Mrs. Wise, who went to California a month ago, has wired him a ticket to come on to the coast.

It will be recalled by many that Mrs. Wise's young son died in California a few months ago soon after arriving there. He made the trip from here alone and took sick on the train.

TRAINING CAMP FOR WOMEN OPENS

One Thousand Rookies Gathering For Second Encampment at Chevy Chase.

WILL LAST FOR TWENTY DAYS

(By United Press.)

Washington, April 14.—"Prepare for National Service" is the slogan of the Women's Section of the Navy league to American women in Second Encampment of the First National Service School, at Chevy Chase beginning Monday. One thousand women representing every state in the Union are gathering today for training, to sleep in army tents, live under military discipline for 20 days and be instructed for national service by doctors and nurses of the American Red Cross and non-commissioned officers of the army, navy and marine corps.

The government has recognized the value of this training by turning over to the committee in charge a government reservation of twenty-seven acres. Here the great encampment, which will be the largest camp for women ever held in the world, is pitched.

Putting in Seeds Is Very Important

Planting is Like a Child—There is Much in Giving it a Good Start—Advice on Sowing Corn and Peas.

BY CARL VROOMAN.

Washington, April 14.—Now is the time to plant, and planting is important, for a plant is like a child—there is much in giving it a good start.

Corn should be sown at the rear of the lot. The distance between the rows can be cut down a great deal if the gardener is careful. Two feet apart will be food enough. Golden bantam corn can be used four inches apart in the rows. Sow two rows as soon as danger of frost has passed. Cover two inches deep.

A week later sow two more rows and a week later two more, making six in all. When the plants are five inches high thin to stand one foot apart in the rows. For six rows fifty feet long three pints of seed will be needed. Cultivate constantly, but as the corn grows cultivate only close to the surface. Two rows of corn fifty feet long should produce nine dozen ears.

Smooth peas, which like rich soil, should come next. Sow these as soon as the ground is ready, but the wrinkled ones should be planted two weeks later. The peas should be placed two inches apart in the rows, which should be two feet apart for tall and eighteen inches for dwarf varieties.

Three plantings can be used in a row of beets. Early in the Spring sow one-third of the row, first soaking the seed over night. Sow the seeds thin and half an inch deep. The second-third can be planted in a week and complete the row a week later. When two inches high thin out to stand four inches apart. Each fifty-foot row will take an ounce of seed.

Radishes and carrots should be sown together for two reasons. Carrots are delicate and will not push through hard ground. The radishes will take them along. Spinach will serve the same purpose. The carrots should be sown a third of a row at a time, about ten days apart, each time with radishes.

Bible school will be held at the United Presbyterian church at 9:15 a. m. and the pastor will preach at 10:45. Intermediate Y. P. C. U. will be held at 8:30. There will be no service at night on account of the union-meeting.
